In the western section of the city world famous industries have flourished. Beside textile finishing plants and bleacheries, Warwick has establishments producing fine worsted suitings, silk cloth, rayon, nylon goods, brass casting, brass mouldings, pipe fittings, cement blocks and well curbs, lally-columns, textile wooden rolls, boats, pencils, soaps, starch and mushrooms.

The State Airport is situated at the geographical center of the city.

Warwick is the fastest growing community in New England.

The wisdom of an investment in Warwick is founded on two facts: the home will be in healthful and peaceful surroundings, the business enterprise will develop with a rapid growing community.

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU?

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU?

Is Something More Than

A Book of Names and Addresses
A Catalogue of Trades and Professions
A Street Guide

IT IS A SERVICE that brings you daily in closer touch with your customers and friends.

To find new customers.
To tell who are home owners in the town.
To find local sources of supply for hundreds of articles.
To find an occupant at a given street number.

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU?

YOU LIKE to Patronize those Concerns Who are in Business to Stay.

It's human to expect that such business establishments always stand back of the wares they sell.

The advertising in this Directory is suggestive of the stability and permanency of the advertisers.

Frauds, fakes, get-rich-quicks and other schemers have little use for directory advertising. It lives too long.

The modern city directory is a business institution. It occupies a place peculiarly its own. It is as necessary to the progress and development of a city generally as anything naturally would be which deals with such a fundamental as the citizens themselves.

IF YOU ARE NOT ADVERTISING YOUR BUSINESS IN THE DIRECTORY, MAY WE EXPLAIN HOW AND WHY IT WILL PAY YOU?

For That Faulty Cesspool

USE **BLACK ◆ DIAMOND**
CESSPOOL CLEANER

"Let Nature Do Your Work"

PUMPING NOT NECESSARY

CLEAN—CONVENIENT—ECONOMICAL—LASTS LONGER

Pumping or emptying a cesspool is NOT CLEANING IT, as your filterbed is clogged or your cesspool would not be full.

It Has To Be Full To Be Properly Treated

The cleaner dissolves the solids and eats out the muck and slime that clog the pores in the ground outside of the cesspool wall, releasing the water, correcting the fault which caused the cesspool to fill. The types of soil and the age and size of cesspool govern the quantity used.

ALL SEWAGE SYSTEMS CHECKED BEFORE TREATMENTS
ONLY THE REQUIRED QUANTITIES USED
BLACK DIAMOND SEPTIC TANK CLEANER

Is an acid solution that is used in the tank to clean the filtering area WITHOUT INJURING the TANK in any way. It is used only after the tank has been emptied and allowed to refill with water.

THIS IS THE ONLY CLEANER THAT POSITIVELY WILL NOT INJURE AN IRON OR STEEL TANK. WE HOLD EXCLUSIVE RIGHTS TO THIS AREA.
